Job announcements, news releases and other ephemeral materials are not listed. All serials, including periodicals, irregular serials, and annuals are listed in Missouri State Government Serial Publications. Corrections to previous issues follow the last entry of each month.

## **AVAILABILITY**

The Missouri State Library has available for loan single copies of the documents listed. Requests for permanent copies must be directed to the issuing agency. Inclusion of a title on this list does not guarantee that an agency has copies available for general distribution. A list of state agency addresses is on the following page. Request documents by title, date and series title and number. Please do not request documents from the agencies by MoDoc number, as these may not be meaningful to the agency.

## **DISTRIBUTION**

An agency rule that was properly promulgated, does not exceed the legislative grant of authority, and has not been invalidated by the legislature pursuant to Section 536.028, RSMo 2000, has the force and effect of law and is binding on the courts in a civil cause of action. ## **COVERAGE**

This monthly checklist includes monographs, monographic serials, semi-annual and annual serials, and new serials published by the State of Missouri and received at the Missouri State Library during the month of coverage. Job announcements, news releases and other ephemeral materials are not listed. All serials, including periodicals, irregular serials, and annuals are listed in Missouri State Government Serial Publications. Both the monthly list and the serials list are in order by Missouri State documents classification number (MoDoc number).

## **FORMAT**

Each entry in this checklist consists of the following elements when available or applicable: 1) MoDoc number; 2) symbol (\*) identifying document as part of the Missouri State Documents Depository Program; 3) title; 4) statement of authorship or responsibility; 5) date of publication; 6) number of pages; 7) frequency; 8) additional bibliographic information which might help in identifying or retrieving the documents, such as series identification, dates of coverage, alternate titles, prices, etc.; 9) OCLC control number; 10) shipping list number for depository publications. Corrections to previous issues follow the last entry of each month.

## **AVAILABILITY**

The Missouri State Library has available for loan single copies of the documents listed. Requests for permanent copies must be directed to the issuing agency. Inclusion of a title on this list does not guarantee that an agency has copies available for general distribution. A list of state agency addresses is on the following page. Request documents by title, date and series title and number. Please do not request documents from the agencies by MoDoc number, as these may not be meaningful to the agency.

## **DISTRIBUTION**

In January 1977 the State Library began distribution of state publications to designated depository libraries as authorized by 181.100-181.130 RSMo 1986. An asterisk (\*) indicates a publication is part of the depository system. A list of depository libraries is inside the back cover.

## **COVERAGE**

This monthly checklist includes monographs, monographic serials, semi-annual and annual serials, and new serials published by the State of Missouri and received at the Missouri State Library during the month of coverage. Job announcements, news releases and other ephemeral materials are not listed. All serials, including periodicals, irregular serials, and annuals are listed in Missouri State Government Serial Publications. Both the monthly list and the serials list are in order by Missouri State documents classification number (MoDoc number).

## **FORMAT**

Each entry in this checklist consists of the following elements when available or applicable: 1) MoDoc number; 2) symbol (\*) identifying document as part of the Missouri State Documents Depository Program; 3) title; 4) statement of authorship or responsibility; 5) date of publication; 6) number of pages; 7) frequency; 8) additional bibliographic information which might help in identifying or retrieving the documents, such as series identification, dates of coverage, alternate titles, prices, etc.; 9) OCLC control number; 10) shipping list number for depository publications. Corrections to previous issues follow the last entry of each month.

## **AVAILABILITY**

The Missouri State Library has available for loan single copies of the documents listed. Requests for permanent copies must be directed to the issuing agency. Inclusion of a title on this list does not guarantee that an agency has copies available for general distribution. A list of state agency addresses is on the following page. Request documents by title, date and series title and number. Please do not request documents from the agencies by MoDoc number, as these may not be meaningful to the agency.

## **DISTRIBUTION**

In January 1977 the State Library began distribution of state publications to designated depository libraries as authorized by 181.100-181.130 RSMo 1986. An asterisk (\*) indicates a publication is part of the depository system. A list of depository libraries is inside the back cover.

## INDEX

The words "Missouri" and "State" have been dropped from most agency names and the word order of many of these names has been inverted. This index includes entries for agency names, key words and titles. References have been added to lead the user to the simple form of each agency's name under which all titles by or about that agency have been grouped. Key words are capitalized, followed by an indented list of titles containing that word. Titles are entered in direct order, although a few long titles have been abbreviated or truncated. To enhance its usefulness, MoDocs classification numbers have been added to each entry. An asterisk designates publications sent to Missouri state depositories. All references are to page numbers in the January through December 2001 issues.

legislature pursuant to Section 536.028, RSMo 2000, has the force

The governor has authority to fill a vacancy on the apportionment  
commissions. The Constitution directs that the governor shall make  
appointments to fill vacancies. To fill a vacancy, the governor need not  
select a person from a list provided to the governor by a party committee  
pursuant to Article III, Sections 2 and 7. When appointing a person to fill  
a vacancy on the House commission, the governor must appoint someone  
who resides in the district for which there is a vacancy. The governor

An agency rule that was properly promulgated, does not exceed the legislative grant of authority, and has not been invalidated by the legislature pursuant to Section 536.028, RSMo 2000, has the force and effect of law and is binding on the courts in a civil cause of action. ## **LEGISLATURE**

An agency rule that was properly promulgated, does not exceed

the legislative grant of authority, and has not been invalidated by the legislature pursuant to Section 536.028, RSMo 2000, has the force and effect of law and is binding on the courts in a civil cause of action. A state agency cannot by regulation abrogate a private cause of action created by the legislature. However, compliance with terms of a regulation properly adopted by a state agency can be used by a private litigant to demonstrate obedience to a state statute when defending against a private cause of action, (Opinion letter)

ATG 13:2001/189 p. 2001-038

The governor has authority to fill a vacancy on the apportionment commissions. The Constitution directs that the governor shall make appointments to fill vacancies. To fill a vacancy, the governor need not select a person from a list provided to the governor by a party committee pursuant to Article III, Sections 2 and 7. When appointing a person to fill a vacancy on the House commission, the governor must appoint someone who resides in the district for which there is a vacancy. The governor should submit appointments to fill vacancies on the commissions to the Senate for its advice and consent, (Opinion letter)

## PARTY

The governor has authority to fill a vacancy on the apportionment commissions. The Constitution directs that the governor shall make appointments to fill vacancies. To fill a vacancy, the governor need not select a person from a list provided to the governor by a party committee pursuant to Article III, Sections 2 and 7. When appointing a person to fill a vacancy on the House commission, the governor must appoint someone who resides in the district for which there is a

vacancy. The governor should submit appointments to fill vacancies on the commissions to the Senate for its advice and consent, (Opinion letter)

regulation abrogate a private cause of action created by the

properly adopted by a state agency can be used by a private

(2) When the Division of Finance obtains financial records in the course of an examination or investigation of a financial institution conducted pursuant to the provisions of Chapter 361, it acts within the exemption created by Section 408.962.1 and is permitted to transfer those financial records to the Commissioner of Securities when requested as part of a Section 409.407 investigation of the same financial institution or to the Department of Insurance when requested as part of a Section 374.190 investigation of the same financial institution, without providing notice to the customers whose financial records are being transferred, (Opinion)

An agency rule that was properly promulgated, does not exceed the legislative grant of authority, and has not been invalidated by the legislature pursuant to Section 536.028, RSMo 2000, has the force and effect of law and is binding on the courts in a civil cause of action. ## RULES

An agency rule that was properly promulgated, does not exceed  
 the legislative grant of authority, and has not been invalidated by the  
 legislature pursuant to Section 536.028, RSMo 2000, has the force  
 and effect of law and is binding on the courts in a civil cause of  
 action. A state agency cannot by regulation abrogate a private  
 cause of action created by the legislature. However, compliance  
 with terms of a regulation properly adopted by a state agency can  
 be used by a private litigant to demonstrate obedience to a state  
 statute when defending against a private cause of action,

appointments to fill vacancies. To fill a vacancy, the governor need  
not select a person from a list provided to the governor by a party

## STATUTES

An agency rule that was properly promulgated, does not exceed the legislative grant of authority, and has not been invalidated by the legislature pursuant to Section 536.028, RSMo 2000, has the force and effect of law and is binding on the courts in a civil cause of action. A state agency cannot by regulation abrogate a private cause of action created by the legislature. However, compliance with terms of a regulation properly adopted by a state agency can be used by a private litigant to demonstrate obedience to a state statute when defending against a private cause of action,

(1) When the Commissioner of Securities makes a request for  
information about a financial institution that is proper and within the scope  
of the Commissioner's authority under Section 409.407 or when the  
Department of Insurance makes a request for information about a financial  
institution that is proper and within the scope of the Department's  
authority under Section 374.190, the Division of Finance may provide  
information about the financial institution, which would otherwise be

prohibited from disclosure by Sections 361.070.1 or 361.080, to the  
Commissioner or the Department, respectively, pursuant to Section  
610.032 without need for a court order. (2) When the Division of Finance  
obtains financial records in the course of an examination or investigation  
of a financial institution conducted pursuant to the provisions of Chapter  
361, it acts within the exemption created by Section 408.962.1 and is  
permitted to transfer those financial records to the Commissioner of  
Securities when requested as part of a Section 409.407 investigation of the  
same financial institution or to the Department of Insurance when  
requested as part of a Section 374.190 investigation of the same financial  
institution, without providing notice to the customers whose financial  
records are being transferred, (Opinion)

## VACANCY

The governor has authority to fill a vacancy on the apportionment commissions. The Constitution directs that the governor shall make appointments to fill vacancies. To fill a vacancy, the governor need not select a person from a list provided to the governor by a party committee pursuant to Article III, Sections 2 and 7. When appointing a person to fill a vacancy on the House commission, the governor must appoint someone who resides in the district for which there is a vacancy. The governor should submit appointments to fill vacancies on the commissions to the Senate for its advice and consent, (Opinion letter) ATG 13:2001/172 p. 2001-025
